NARRATIVE

Kankakee County originally filed its application for approval of its Enhanced 9-1-1 System on May 23, 1991, docket number 91-0199. The Illinois Commerce Commission granted approval of the Emergency Telephone Number System at a Bench Session on November 26, 1991. The System went on line March 23, 1992. In February of 1993, the Kankakee County Emergency Telephone System amended its application, docket number 93-0060 to include the Village of Chebanse, Iroquois County. A request for a hearing waiver was granted. The amended application was approved on March 24, 1993. The Village of Chebanse, Iroquois County went on line shortly after receiving that approval.

Due to the financial burden it would cause Livingston County to take in the 56 customers located in their county with the Reddick and Cabery exchanges, they requested we answer these calls. The Kankakee County Emergency Telephone System Board filed an amended application in April of 1996. A request for a hearing waiver was granted. We received approval for docket number 96-0457 on October 8, 1996.

The Iroquois County Emergency Telephone System Board has approached our Board to accept the calls from the Cabery exchange located within their county. There are currently no customers within that territory. This territory encompasses three fire districts, which are current system participants in the Kankakee County System. We currently dispatch directly for two of these agencies, Cabery Fire and Herscher Fire/EMS. Kempton Fire/EMS is currently transferred to Livingston County for dispatch. Our agreement with Iroquois County is for calls for Cabery and Herscher to be directly dispatched. Calls for all other agencies, Kempton Fire/EMS, will be transferred to Iroquois County to be dispatched.

The calls will be routed to the Kankakee County Sheriff's Department PSAP located at 400 E. Merchant St., Kankakee. This PSAP already handles calls for this exchange. Iroquois County Sheriff Department will be added to the system participants (Exhibit 3). No additional agencies are required to be added to the adjacent agency list (Exhibit 4). There are no additional phone exchanges added to the system. Exhibit 10 does not change.

There is also an agreement in place for Kankakee County Sheriff's Department PSAP to be the backup to the Iroquois County System. Iroquois County has two separate facilities to staff should the need arise. All calls for service will be relayed to Iroquois County PSAP for dispatching.
